Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Bondurant, Iowa as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Bondurant's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Bondurant as of June 30, 2011, and the respective changes in the cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2011 on our consideration of the City of Bondurant's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 13 and 36 through 38 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Bondurant's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the four years ended June 30, 2010 (which are not presented herein) and expressed unqualified opinions on those financial statements which were prepared in conformity with an other comprehensive basis of accounting. The financial statements for the three years ended June 30, 2006 (which are not presented herein) were audited by other auditors who expressed unqualified opinions on those financial statements which were prepared in conformity with an other comprehensive basis of accounting. Other supplementary information included in Schedules 1 through 5, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Bondurant provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2011. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

2011 FINANCIAL HIGHLIGHTS

- Receipts of the City's governmental activities decreased 1.9%, or approximately \$49,900 from fiscal year 2010 to fiscal year 2011. Property tax and tax increment financing increased approximately \$54,700, bond and loan proceeds decreased by approximately \$12,200, uses of money and property decreased by \$19,600 and intergovernmental receipts decreased by approximately \$117,700.
- Disbursements of the City's governmental activities increased 23%, or approximately \$742,000, from fiscal year 2010 to fiscal year 2011. Public safety, public works, culture and recreation, community and economic development and capital projects increased approximately \$126,000, \$230,100, \$92,800, \$80,700 and \$214,300, respectively.
- The City's total cash basis net assets decreased 46.1% or approximately \$1,030,800 from fiscal year 2010 to fiscal year 2011. Of this amount, the assets of the governmental activities decreased approximately \$1,080,900 and the assets of the business type activities increased approximately \$50,100.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements as well as other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

The Government-wide Financial Statements consist of a statement of activities and net assets. This statement provides information about the activities of the City as a whole and presents an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City's operations in more detail than the government-wide statement by providing information about the most significant funds.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the City's budget for the year.

Other Supplementary Information provides detailed information about nonmajor governmental funds, the City's indebtedness, and the Schedule of Capital Projects provides information about the various projects of the City.

BASIS OF ACCOUNTING

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles. Therefore, when reviewing the financial information and discussion within this annual report, readers should keep in mind the limitations resulting from the use of the cash basis of accounting.

REPORTING THE CITY'S FINANCIAL ACTIVITIES

Government-wide Financial Statement

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Activities and Net Assets reports information which helps answer this question.

The Statement of Activities and Net Assets presents the City's net assets. Over time, increases or decreases in the City's net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities and Net Assets is divided into two kinds of activities:

- Governmental Activities include public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.
- Business Type Activities include the waterworks, the sanitary sewer system, the storm water system and garbage collection. These activities are financed primarily by user charges.

Fund Financial Statements

The City has three kinds of funds:

1) Governmental funds account for most of the City's basic services. They focus on how money flows into and out of those funds and the balances at year-end that are available for spending. Governmental funds include: 1) the General Fund, 2) the Special Revenue Funds such as Road Use Tax and Urban Renewal Tax Increment, 3) the Debt Service Fund 4) the Capital Projects Fund and 5) the Permanent Fund. The government fund financial statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statement for governmental funds is a statement of cash receipts, disbursements and changes in cash balances.

2) Proprietary funds account for the City's Enterprise Funds. Enterprise Funds are used to report business type activities. The City maintains four Enterprise Funds to provide separate information for the water, sewer, garbage and storm water funds, considered to be major funds of the City.

The required financial statement for proprietary funds is a statement of cash receipts, disbursements and changes in cash balances.

3) Fiduciary funds account for the City's Agency Fund to account for sidewalk escrow deposits received from developers to be returned when the installation of sidewalks is complete.

The required financial statement for fiduciary funds is a statement of cash receipts, disbursements and changes in cash balances.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of financial position. The City's cash balance for governmental activities has decreased from a year ago, decreasing from \$1,542,148 to \$461,208. The analysis that follows focuses on these changes in cash basis net assets of governmental activities.

Changes in Cash Basis Net Assets of Governmental Activities		
	Year ended June 30,	
	2011	2010
Receipts:		
Program receipts:		
Charges for service	\$ 165,647	\$ 127,043
Operating grants, contributions and restricted interest	492,077	392,333
Capital grants, contributions and restricted interest	124,816	339,934
General receipts:		
Property tax	1,309,877	1,246,106
Tax increment financing	380,845	389,868
Other city tax	17,013	16,629
Unrestricted investment earnings	7,205	24,100
Bond proceeds	15,643	-
Note/loan proceeds	31,918	59,786
Other general receipts	45,563	44,754
Total receipts	<u>2,590,604</u>	<u>2,640,553</u>
Disbursements:		
Public safety	584,205	458,550
Public works	493,850	263,744
Health and social services	407	7,572
Culture and recreation	327,180	234,388
Community and economic development	210,810	130,139
General government	450,756	440,640
Debt service	629,253	634,392
Capital projects	1,239,397	1,025,117
Total disbursements	<u>3,935,858</u>	<u>3,194,542</u>
Change in cash basis net assets before transfers	(1,345,254)	(553,989)
Transfers, net	<u>264,314</u>	<u>151,348</u>
Change in cash basis net assets	(1,080,940)	(402,641)
Cash basis net assets beginning of year	<u>1,542,148</u>	<u>1,944,789</u>
Cash basis net assets end of year	<u>\$ 461,208</u>	<u>\$1,542,148</u>

The City's total receipts for governmental activities decreased by 1.9 percent or approximately \$50,000. The total cost of all programs and services increased by approximately \$741,300 or 23.2 percent with no new programs added this year. The decrease in receipts was primarily the result of a decrease in capital grants. The most significant increase in disbursements was primarily the result of capital projects such as the Paine Heights TIF, public works facility and Garfield Paving TIF.

Based on increases in the total assessed valuation, property tax receipts are budgeted to increase by an additional \$106,600 next year.

The cost of all governmental activities this year was \$3.936 million compared to \$3.195 million last year. However, as shown in the statement of activities and net assets - cash basis on pages 16-17, the amount that our taxpayers ultimately financed for these activities through City taxes was only \$3.153 million because some of the cost was paid by those directly benefitted from the programs (\$165,647) or by other governments and organizations that subsidized certain programs with grants and contributions (\$616,893). Overall, the City's governmental program receipts, including intergovernmental aid and fees for service, decreased in 2011 from approximately \$859,310 to approximately \$782,540, principally due to a decrease in capital grants, contributions and restricted interest. The City paid for the remaining public benefit portion of governmental activities with approximately \$1,691,000 in tax (some of which could only be used for certain programs) and with other receipts, such as interest and general entitlements.

Changes in Cash Basis Net Assets of Business Type Activities		
	Years ended June 30,	
	2011	2010
Receipts:		
Program receipts:		
Charges for service:		
Water	\$ 605,975	\$ 631,077
Sewer	710,502	455,707
Garbage	149,080	164,001
Storm water	96,698	3,523
General receipts:		
Unrestricted investment earnings	1,920	3,059
Other general receipts	26,376	66,334
Total receipts	<u>1,590,551</u>	<u>1,323,701</u>
Disbursements:		
Water	541,638	459,913
Sewer	460,461	497,161
Garbage	156,848	158,521
Storm water	117,157	44,467
Total disbursements	<u>1,276,104</u>	<u>1,160,062</u>
Change in cash basis net assets before transfers	314,447	163,639
Transfers, net	<u>(264,314)</u>	<u>(151,348)</u>
Change in cash basis net assets	50,133	12,291
Cash basis net assets beginning of year	<u>695,027</u>	<u>682,736</u>
Cash basis net assets end of year	<u>\$ 745,160</u>	<u>\$ 695,027</u>

Total business type activities receipts for the fiscal year were \$1,590,551 compared to \$1,323,701 last year. This increase was due primarily to increased utility rates. The cash balance increased by approximately \$50,100 from the prior year. Total disbursements for the fiscal year increased by approximately 10 percent to a total of \$1,276,104. The Water Fund cash balance decreased due to an increase in meter deposit refunds, water main maintenance and the purchase of a truck.

INDIVIDUAL MAJOR GOVERNMENTAL FUND ANALYSIS

As the City of Bondurant completed the year, its governmental funds reported a combined fund balance of \$461,208, a decrease of \$(1,080,940) from last year's total of \$1,542,148. The following are the major reasons for the changes in fund balances of the major funds from the prior year.

- The General Fund cash balance decreased from a balance of \$290,219 in 2010 to a balance of \$187,014 in 2011. The decrease is due in part to a purchase of a plow truck. The General Fund will be reimbursed with July 2011 bond proceeds.
- The Special Revenue, Road Use Tax Fund cash balance decreased from a balance of \$20,076 in 2010 to a balance of \$16,298 in 2011. A significant portion of the disbursements includes the expenditure of street lighting and street repairs.
- The Special Revenue, Urban Renewal Tax Increment Fund cash balance decreased from a balance of \$43,579 in 2010 to a balance of \$29,721 in 2011 due to pre-funding street lighting installation in a new development thereby reducing a developer agreement.
- The Capital Projects Fund cash balance decreased by \$956,226 to \$120,606, which was due to the expenditure of bond proceeds for the Second Street Bike Trail and Paine Heights Storm Water Infrastructure.
- The Debt Service Fund cash balance decreased from \$19,335 in 2010 to \$18,464 in 2011 due to the increased debt service payments.

INDIVIDUAL MAJOR BUSINESS TYPE FUND ANALYSIS

- The Enterprise, Water Fund cash balance decreased \$161,564 to \$528,607 due to an Interfund Loan of \$175,000 to the Capital Projects Fund for the purchase and rehabilitation of a dilapidated property for use as a Public Works Facility. This loan will be repaid with July 2011 bond proceeds.
- The Enterprise, Sewer Fund cash balance increased by \$239,924 to \$345,603. Sewer revenues increased by \$254,795 due to a 30% rate increase on February 1, 2010, and a 28% rate increase on July 1, 2010. Major expenditures include WRA fees of \$210,864, operational equipment repairs of \$44,811 and lagoon treatment chemicals of \$28,839. The City continues with its manhole rehabilitation efforts to reduce inflow and infiltration.
- The Enterprise, Garbage Fund cash balance decreased \$7,768 to \$16,126 due to the use of the fund balance for City wide clean up and increased recycling fees.
- The Enterprise, Storm Water Fund cash balance decreased \$20,459 to a deficit balance of (\$145,176). Expenditures exceeded revenue due to increased legal and engineering fees of \$21,838 associated with a disputed drainage issue on the south end of town. This deficit will be reduced with the receipt of \$100,000 from the July 2011 bond proceeds.

BUDGETARY HIGHLIGHTS

Over the course of the year, the City amended its budget once. The amendment was approved on May 16, 2011 to provide for additional disbursements in certain City departments. The City had sufficient cash balances to absorb these additional costs.

The City's receipts were \$11,301 less than budgeted. This was primarily due to the City receiving less in intergovernmental receipts than anticipated, even after the amendments.

Even with the budget amendments, total disbursements were \$524,387 less than budgeted. This was primarily due to the wet spring weather that slowed or delayed many capital projects. Legal expense and engineering fees were less than anticipated. Considerable maintenance work did not get accomplished as planned. Enterprise disbursements were less than anticipated.

DEBT ADMINISTRATION

At June 30, 2011, the City had \$6,311,208 in bonds and other long-term debt compared to \$6,847,647 last year shown as follows:

Outstanding Debt at Year-End		
	June 30	
	2011	2010
General obligation bonds and notes		
Corporate purpose and other	\$ 4,545,643	\$ 4,960,000
Revenue bonds	1,503,000	1,657,000
Sewer loan agreement (Mud Creek Sewer)	262,565	230,647
Total	<u>\$ 6,311,208</u>	<u>\$ 6,847,647</u>

The City's general obligation bonds are not rated. The Constitution of the State of Iowa limits the amount of general obligation debt that cities can issue to 5 percent of the assessed value of all taxable property within the City's corporate limits. The City's outstanding general obligation debt of \$4,545,643 is well below the City's \$8.748 million legal debt limit.

More detailed information about the City's long-term liabilities is presented in Note 3 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City of Bondurant's elected and appointed officials and citizens considered many factors when setting the fiscal year 2012 budget, tax rates and fees charged for various City activities. The economy in the area continues to be stagnant, with little change in our unemployment rate in the past year. Unemployment in Polk County now stands at 6.2% versus 6.0% a year ago. This compares with the State's unemployment rate of 6.0% and the national rate of 9.0%.

The housing market stayed semi-strong in 2010 with a 12% decrease in new home permits issued in Bondurant. During calendar year 2010, 209 total building permits were issued, including 64 for single-family homes. These permits resulted in \$10.7 million in new valuation to the City in calendar year 2010.

These indicators were taken into account when adopting the budget for fiscal year 2012. Based on the tax rate of \$14.130096 per \$1,000 of taxable valuation, the City expects to generate \$1,392,579 in property tax revenue for fiscal year 2012. Total General Fund revenues at this time are anticipated to be approximately \$1,742,396. Revenues from all funds, including Enterprise Funds, are anticipated to be \$6.6 million, which includes \$1.5 million in bond proceeds.

The City's deficit funds have been a significant concern to the City and a concerted effort has been made to reduce these deficits. The City will use \$100,000 of the July 2011 bond proceeds to reduce the Storm Water Fund deficit.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Mark J. Arentsen, City Administrator, 200 Second Street Northeast, P.O. Box 37, Bondurant, Iowa 50035, 515-967-2418, e-mail marentsen@cityofbondurant.com.

CITY OF BONDURANT

Notes to Financial Statements

June 30, 2011

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Bondurant is a political subdivision of the State of Iowa located in Polk County. It was first incorporated in 1897 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens including public safety, public works, health and social services, culture and recreation, community and economic development, and general government services. The City also provides water, sewer, storm water and garbage utilities for its citizens.

A. Reporting Entity

For financial reporting purposes, the City of Bondurant has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City. The City of Bondurant has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following 28E agreements, boards and commissions: Metro Waste Authority, Polk County Assessor's Conference Board, Polk County Emergency Management Commission, Polk County Joint E911 Service Board, Polk County Public Works, Polk County Public Management Services, Polk County Animal Control Services, Homeland Security Services, Polk County Aviation Authority, City of Altoona for Building Department Services, Fire/EMS Services, the Safety Coalition of Central Iowa, Des Moines Metropolitan Planning Organization, Polk County Law Enforcement Services, Wastewater Reclamation Authority, and Central Iowa Regional Drinking Water Commission.

Joint Venture

The City also participates in the Des Moines Metropolitan Wastewater Reclamation Authority (WRA). The WRA, a joint venture, was developed as a result of an agreement between the City of Des Moines and surrounding municipalities. (See Note 4)

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Activities and Net Assets reports information on all of the nonfiduciary activities of the City. For the most part, the effect of the interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Statement of Activities and Net Assets presents the City's nonfiduciary net assets. Net assets are reported in the following categories/components:

Nonexpendable restricted net assets are subject to externally imposed stipulations which require them to be maintained permanently by the City, including the City's Permanent Fund.

Expendable restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding categories. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities and Net Assets demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions, and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

Fund Financial Statements - Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

B. Basis of Presentation - Continued

Special Revenue:

The Road Use Tax Fund is used to account for the road use tax allocation from the State of Iowa to be used for road construction and maintenance.

The Urban Renewal Tax Increment Fund is used to account for tax increment financing collections and the repayment of tax increment financing indebtedness.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the City's general long-term debt.

The Capital Projects Fund is utilized to account for all resources used in the acquisition and construction of capital facilities with the exception of those that are financed through enterprise funds.

The City reports the following major proprietary funds:

The Enterprise, Water Fund accounts for the operation and maintenance of the City's water system.

The Enterprise, Sewer Fund accounts for the operation and maintenance of the City's waste water treatment and sanitary sewer system.

The Enterprise, Garbage Fund accounts for the operation and maintenance of the City's residential garbage collection system.

The Enterprise, Storm Water Fund accounts for the operation and maintenance of the City's storm water system.

The City also reports the following fiduciary fund:

An Agency Fund to account for sidewalk escrow deposits received from developers to be returned when the installation of sidewalks is complete.

C. Measurement Focus and Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. Measurement Focus and Basis of Accounting - Continued

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general receipts. Thus, when program disbursements are paid, there are both restricted and unrestricted cash basis net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general receipts.

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balance and then to less-restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. Governmental Cash Basis Fund Balances

In the governmental fund financial statements, cash basis fund balances can be classified as follows:

Nonspendable - Amounts which cannot be spent because they are legally or contractually required to be maintained intact.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Assigned - Amounts the Council intends to use for specific purposes.

Unassigned - All amounts not included in other spendable classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

(2) CASH AND POOLED INVESTMENTS

The City's deposits in banks at June 30, 2011 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(2) CASH AND POOLED INVESTMENTS - CONTINUED

Interest rate risk - The City will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by:

- Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
- Investing operating funds primarily in shorter-term securities, money-market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.

Credit risk - The City's investment in the Iowa Public Agency Investment Trust is unrated.

(3) BONDS AND NOTES PAYABLE

Annual debt service requirements to maturity for general obligation bonds, urban renewal tax increment financing revenue bonds and revenue notes are as follows:

	Balance June 30, 2010	Issued	Redeemed	Balance June 30, 2011
Governmental Activities				
General obligation notes	\$ 160,000	\$ -	\$ 50,000	\$ 110,000
General obligation bonds	4,800,000	15,643	380,000	4,435,643
	<u>\$ 4,960,000</u>	<u>\$ 15,643</u>	<u>\$ 430,000</u>	<u>\$ 4,545,643</u>
Business Type Activities

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(3) BONDS AND NOTES PAYABLE - CONTINUED

Revenue Bonds

The resolutions providing for the issuance of the water and sewer revenue bonds issued under a loan agreement between the City of Bondurant, the Iowa Finance Authority, the Iowa Department of Natural Resources and Wells Fargo Bank Iowa, N.A. include the following provisions:

- (a) The bonds will only be redeemed from the future earnings of the enterprise activity and the bond holders hold a lien on the future earnings of the funds.
- (b) Sufficient monthly transfers shall be made to separate water and sewer revenue bond sinking accounts within the Enterprise Funds for the purpose of making the bond principal and interest payments when due. At June 30, 2011, the restricted balance was \$14,612.
- (c) All funds remaining in the water and sewer accounts after making the required transfers shall be placed in water and sewer revenue surplus accounts. As long as the sinking accounts have the full amount required to be deposited, the balance in the surplus accounts may be made available to the City as the Council may direct.

The City has made monthly transfers to the bond sinking accounts as required by the bond resolutions.

Water Service Agreement

The City entered into an agreement with the Board of Water Works Trustees of the City of Des Moines, Iowa (DMWW) effective August 1, 2005 to join in the Wholesale Water Service Master Agreement.

This agreement allowed the City to acquire "Purchased Capacity" of .50 million gallons per day (mgd) of water from DMWW. Payments to DMWW by the City will be used to pay the City's portion of Water Revenue Bonds issued for the construction of a treatment plant.

Sewer Loan Agreement

The City entered into a \$1,175,000 interim 0% interest loan and disbursement agreement pursuant to Section 76.13 of the Code of Iowa with the Iowa Finance Authority on November 20, 2006.

The project note is issued in anticipation of the receipt of loan proceeds from the issuance of Sewer Revenue Bonds in a principal amount not to exceed \$1,175,000 to provide funds to pay the costs of constructing improvements and extensions to the utility. The balance on the loan at June 30, 2011 was \$262,565.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(4) JOINT VENTURE AND COMMITMENTS

The City is a participating community in the Des Moines Metropolitan Wastewater Reclamation Authority (WRA) joint venture. This joint venture provides primary and secondary treatment of sewer flows for the participating communities. The Amended and Restated Agreement for the Des Moines Metropolitan Wastewater Reclamation Authority (WRA) was effective on July 1, 2004. This agreement amended and restated the previous Integrated Community Area (I.C.A.) Agreement to provide continued operation, improvements and expansion. The WRA Agreement establishes the WRA as a separate legal entity with its own Board, creates an independent governance structure, establishes an independent bonding authority for the WRA and provides a framework for additional communities to participate.

Annually, the WRA establishes an allocation to all participating communities based on operations, maintenance, debt service and reserve requirements. Allocations are based on wastewater reclamation facility flows and are adjusted prospectively for differences in budgeted flows and actual flows.

The City of Bondurant retains an ongoing financial responsibility to the WRA since it is obligated in some manner for the debts of the joint venture through the annual allocation. Although the debt of the WRA is to be paid solely and only from WRA revenues, the participating communities in the joint venture cannot withdraw from the joint venture while any of the bonds issued during the time the communities were a participating community are still outstanding. The WRA Sewer Revenue Bonds Series 2004A, 2004B and 2006 include provisions that place the WRA debt service requirements on the same parity and rank as other debts of the participating communities.

The WRA Agreement requires the debt service on the Series 2004A bonds to be allocated using the annual flow allocation to the participating communities based on the existing allocations of debt service under the prior I.C.A. agreement. The Series 2004A bonds had a balance of \$2,735,000 as of June 30, 2011. The City of Bondurant has a commitment for approximately \$0, or 0%, for future principal payment requirements on that debt. The WRA Sewer Revenue Bonds Series 2004B and 2006 bonds were issued for capital expansion. The WRA Agreement requires the debt service on these bonds to be allocated to the participating communities based on the WRA flows of the core communities and expansion communities of each calendar year. As of June 30, 2011, the Series 2004B bonds had a balance of \$61,245,000 and the City of Bondurant's estimated future allocation based on the WRA flows is currently \$680,160 or 1.11%. As of June 30, 2011, the Series 2006 bonds had a balance of \$35,795,000 and the City of Bondurant's estimated future allocation based on the WRA Flows is currently \$420,504 or 1.17%. The State Revolving Loans are to be paid by the participating communities based on the existing allocations under the prior I.C.A. agreement. On June 30, 2011, the State Revolving Loans had a balance of \$107,605,146 and the City of Bondurant's estimated future allocation based on the WRA flows is currently \$1,357,303 or 1.26%. The pre 2004 State Revolving Loans are to be paid by the participating communities based on the existing allocations under the prior I.C.A. agreement. As of June 30, 2011, the WRA had \$7,373,000 in outstanding pre 2004 State Revolving Loans, of which \$0 of future principal debt service is a commitment of the City of Bondurant.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(4) JOINT VENTURE AND COMMITMENTS - CONTINUED

The WRA Agreement does not provide for the determination of an equity interest for the participating communities. Withdrawing from the joint venture is a forfeit of all reversionary interest and no compensation will be paid. Pursuant to the new agreement, the City's investment in the joint venture under the I.C.A. Agreement has been contributed to the new WRA organization. The City retains a reversionary interest percentage in the net assets of the WRA redeemable only in the event the WRA is dissolved. During the year ended June 30, 2011, the City paid the WRA \$210,864 for operations, maintenance, equipment replacements and debt service payments.

The WRA issues separate financial statements that may be obtained at 3000 Vandalia Road, Des Moines, Iowa 50317-1346.

(5) PENSION AND RETIREMENT BENEFITS

The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 4.50% of their annual salary and the City is required to contribute 6.95% of annual covered salary. Certain employees in special risk occupations and the City contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2011, 2010 and 2009 were \$36,364, \$32,416 and \$28,903, respectively, equal to the required contributions for each year.

(6) COMPENSATED ABSENCES

City employees accumulate a limited amount of earned but unused vacation and compensation hours for subsequent use or for payment upon termination, retirement, or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for these earned vacation termination payments payable to employees at June 30, 2011, primarily relating to the General Fund, is as follows:

<u>Type of Benefit</u>	<u>Amount</u>
Vacation and compensation	\$ 32,126

This liability has been computed based on rates of pay as of June 30, 2011.

(7) INTERFUND TRANSFERS

The detail of interfund transfers for the year ended June 30, 2011 is as follows:

Transfer to	Transfer from	Amount
General Fund	Enterprise:	
	Water Fund	\$ 79,197
	Capital Projects:	
	Library	30,000
Capital Projects:	Enterprise:	
Public Works Facility	Water	175,000
Special Revenue:	Enterprise:	
FEMA	Sewer	10,118
	General Fund	804
Debt Service Fund	Special Revenue:	
	Tax Increment Financing	224,450
	Capital Project:	
	High School Utilities	<u>18,563</u>
Total		<u>\$ 538,132</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

(8) RISK MANAGEMENT

The City is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 645 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 150 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(8) RISK MANAGEMENT - CONTINUED

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City's property and casualty contributions to the risk pool are recorded as disbursements from its operating funds at the time of payment to the risk pool. The City's contributions to the Pool for the year ended June 30, 2011 were \$40,311.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$12,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$150,000 each occurrence, each location, with excess coverage reinsured by The Travelers Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. As of June 30, 2011, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The City also carries commercial insurance purchased from other insurers for coverage associated with workmen's compensation insurance. The City assumes liability for any deductibles, and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

June 30, 2011

(9) IOWA EVENTS CENTER

An agreement was entered into by the City and Polk County, Iowa to commit City funding for the financing of the construction of the Iowa Events Center Project in Des Moines. The City is to provide a grant of \$2,500 per year to be used by the County for the project. The grant is being advanced over 10 years. Payments began in the fiscal year ended June 30, 2003 and are subject to annual budget allocation and approval.

(10) CONSTRUCTION CONTRACTS

At June 30, 2011, the City had entered into construction contracts of approximately \$1,040,503 for various projects. At June 30, 2011, these projects will require future payments of approximately \$264,400 upon completion.

(11) DEFICIT BALANCES

The City had deficit balances at June 30, 2011, as follows:

Fund	Amount
Enterprise:	
Storm Water	\$ 145,176
Special Revenue:	
FEMA	7,021
Capital Projects:	
Sidewalk	30,945
Paine Heights - TIF	114,884
Safe Room	18,561
Paine Heights Drainage	9,262
Trailhead	36
Old Town Sidewalk	2,722

The deficit balances are the result of costs incurred prior to availability of funds. The deficit balances will be eliminated upon receipt of a new storm water utility fee beginning July 1, 2010, tax increment financing, special assessments, state aid and a new bond issue.

(12) REVENUE RESERVE BALANCES

Revenue reserve balances are not available for general operating use. They are included with their respective water or sewer cash balances on Exhibit C. Cash balances at end of year are summarized as follows:

	Water	Sewer	Garbage	Storm Water	Total
General operation	\$274,226	\$340,929	\$ 16,126	\$(145,176)	\$486,105
Construction fund	158,665	-	-	-	158,665
Sinking fund	9,938	4,674	-	-	14,612
	<u>\$442,829</u>	<u>\$345,603</u>	<u>\$ 16,126</u>	<u>\$(145,176)</u>	<u>\$659,382</u>

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(13) SUBSEQUENT EVENTS

The City has evaluated subsequent events through September 23, 2011, the date the financial statements were available to be issued.

On July 6, 2011, the City of Bondurant issued \$1,550,000 general obligation corporate purpose bonds, series 2011. The bonds are being issued for the purpose of paying the cost of constructing street, storm sewer and sanitary sewer improvements; acquiring an ambulance and a public works vehicle; constructing parking and paving improvements at and near the municipal public works shop; constructing recreational trail improvements; providing assistance to the City's storm water utility fund; acquiring and improving a facility to serve as the municipal public works garage and updating the comprehensive plan.

(14) OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description - The City operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 9 active and 0 retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug benefits are provided through a fully-insured plan with United Health Care River Valley. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, based on their age.

Funding Policy - The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis. The most recent active member monthly premiums for the City and plan members vary and are based on their age and family coverage. The same monthly premiums apply to retirees. For the year ended June 30, 2011, the City contributed \$71,726 and plan members eligible for benefits contributed \$12,539 to the plan.

Dental insurance is also made available at employee cost. Employees contributed \$486 to the plan for the year ended June 30, 2011.

(15) DEVELOPMENT REBATE AGREEMENTS

The City has entered into a number of TIF rebate agreements requiring repayment to the developers from TIF receipts. The rebate service requirements, if appropriated by the City, are as follows:

Year ending June 30	
2011	\$ 116,874
2012	100,000
2013	109,554
2014	126,429
2015	126,429
2016-2020	532,143
2021-2023	26,429
	<u>\$ 1,137,858</u>

CITY OF BONDURANT

Notes to Financial Statements - Continued

June 30, 2011

(16) SEVERANCE AGREEMENT

Effective January 18, 2010, the City entered into an agreement with the City Administrator which formally identifies the financial obligation of the City to its City Administrator in the event of an involuntary employment termination. The agreement provides for a termination payment equal to three months of compensation as full and complete settlement for all damages sustained as well as payment for all accrued but unused vacation and other benefits typically paid to City employees at termination.

CITY OF BONDURANT

Required Supplemental Information

Notes To Required Supplementary Information - Budgetary Reporting

June 30, 2011

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, debt service fund, capital project funds, permanent fund and enterprise funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, a budget amendment increased budgeted disbursements by \$741,847. This budget amendment is reflected in the final budgeted amounts.

**Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards**

To the Honorable Mayor and
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Bondurant, Iowa as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements listed in the table of contents and have issued our report thereon dated September 23, 2011. Our report expressed unqualified opinions on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Bondurant's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the City of Bondurant's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Bondurant's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed in the accompanying Schedule of Findings, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and an other deficiency we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility a material misstatement of the City of Bondurant's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in Part II of the accompanying Schedule of Findings as items II-A-11 and II-B-11 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in Part II of the accompanying Schedule of Findings as item II-C-11 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Bondurant's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part III of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2011 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The City of Bondurant's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the City's responses, we did not audit the City of Bondurant's responses, and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Bondurant and other parties to whom the City of Bondurant may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Bondurant during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Martens & Company, CPA, LLP

West Des Moines, Iowa
September 23, 2011

CITY OF BONDURANT

Schedule of Findings

Year ended June 30, 2011

Part I: Summary of the Independent Auditor's Results:

- (a) Unqualified opinions were issued on the financial statements which were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
- (b) A significant deficiency and material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.

CITY OF BONDURANT

Schedule of Findings

Year ended June 30, 2011

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

- II-A-11 Segregation of Duties - One important aspect of internal accounting control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that the following functions are not entirely segregated: cash receipts, general ledger posting, reconciliations and investment control and custody.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, the City should continue to monitor its control procedures to obtain the maximum internal control possible under the circumstances. The City could segregate duties to the extent possible with existing personnel and utilize administrative personnel to provide additional control through review of financial transactions and reports.

Response - We will monitor the procedures as suggested.

Conclusion - Response acknowledged.

- II-B-11 Computer System Control - The design and controls established over the computer system process is very important in providing assurance and financial integrity of the City's financial records. We noted some weaknesses in the policies and controls.

Recommendation -

- (1) A non-water fire suppression system should be installed in the office part of the building.
- (2) Procedures should be established to ensure proper disposal of sensitive material (e.g. shredding of printouts, complete removal of data and software from hard disks and diskettes.
- (3) All employees should be trained for appropriate responses to emergency situations.

Response - We will consider these recommendations.

Conclusion - Response acknowledged. Once established, the recommended policies and procedures will add a measure of assurance to the City's financial records.

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

CITY OF BONDURANT

Schedule of Findings

Year ended June 30, 2011

Part III: Other Findings Related to Required Statutory Reporting:

- III-A-11 Questionable Disbursements - We noted no expenditures for parties, banquets, or other entertainment for employees that we believe may constitute an unlawful expenditure from public funds as defined in an Attorney General's opinion dated April 25, 1979.
- III-B-11 Travel Expenses - No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- III-C-11 Business Transactions - No business transactions between the City and City officials or employees were noted.
- III-D-11 Bond Coverage - Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- III-E-11 Council Minutes - No transactions were found that we believe should have been approved in the Council Minutes but were not.
- III-F-11 Revenue Bonds - All provisions of the revenue bond requirements have been met.
- III-G-11 Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy.
- III-H-11 Financial Condition - The City had deficit balances at June 30, 2011 as follows:

<u>Fund</u>	<u>Amount</u>
Enterprise:	
Storm Water	\$ 145,176
Special Revenue:	
FEMA	7,021
Capital Projects:	
Sidewalk	30,945
Safe Room	18,561
TIF - Paine Heights	114,884
Paine Heights Drainage - Sump	9,262
Trailhead	36
Old Town Sidewalk	2,722

Recommendation - The City should continue in their efforts of returning these funds to a sound financial position.

CITY OF BONDURANT

Schedule of Findings

Year ended June 30, 2011

Part III: Other Findings Related to Required Statutory Reporting - Continued:

III-H-11 Financial Condition - Continued

Response - The City agrees that deficit fund balances in the funds listed are not desirable.

The Storm Water deficit has been addressed by adding a storm water fee July 1, 2010. The Capital Project-Sidewalk deficit will be cleared upon payment of a 10 year special assessment. Capital Project - TIF Paine Heights and the other small balances will be cleared by the 2011 bond issue.

Conclusion - Response acknowledged.
